

## Coronavirus - Missing My Teacher

Coronavirus is a new type of cold and it's making some of my teachers stay at home.

My teacher will be doing teacher jobs at their house

My teacher will be following the hand washing rules just like me

I may not see my teacher for a while and I will miss them

My teacher will miss me too. That is ok.

There will be other adults in school that will look after me.

I can draw pictures or write notes to give to my teacher them when I see them again - they will really like them!
